- **Multifunctional Button (MFB)**

|                   |                          |   |
|-------------------|--------------------------|---|
| Music Mode        | Short press              | Play / Pause  |
|                   | Double press             | Next Track  |
|                   | Press it for 3 times     | Previous Track                                      |
|                   | Press and hold it for 1s | Activate Siri                                       |
| Conversation Mode | Short press              | Answer / End phone call                             |
|                   | Press and hold it for 1s | Reject phone call                                   |
|                   | Short press              | Pause the current call and answer the incoming call |
|                   | Short press              | Switch between two phone calls                      |

- **Party Mode**

1. Make sure both two speakers are turned on.

2. Press and hold the Bluetooth button of two speakers for 5s simultaneously, and release the buttons after you hear a prompt sound. In this way, the speakers enter party mode.

**Note:** The function of party mode can be realized only when you have 2 Tribit Stormbox Micro speakers.

- **Stereo Mode**

1. Make sure both two speakers have entered party mode.

2. Short press the Bluetooth button on any of the two speakers.
3. Release the buttons when you hear the voice of Stereo Mode. One speaker will sound "Left" and the other will sound "Right", and then the stereo mode is activated.

**Note:** The function of stereo mode can be realized only when you have 2 Tribit Stormbox Micro speakers.

- **Conversion between Party Mode and Stereo Mode**

Short press the Bluetooth button on any of the two speakers.

- **Disable the Party Mode or Stereo Mode**

Press and hold the Bluetooth button for 5s on any of the two speakers, then both will re-enter Bluetooth pairing mode.

## FCC Statement

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

## • Bluetooth Verbindung

|  |                               |                               |  |                                    |                       |
|--|-------------------------------|-------------------------------|--|------------------------------------|-----------------------|
|  | Drücken und halten für 2 sek  | Aktiviert den Kopplungs-Modus |  | Blaue Anzeige blinkt               | Kopplungsstatut       |
|  | Drücken und halten für 10 sek | Werksreset                    |  | Bluetooth Anzeige ist dauerhaft An | Erfolgreich verbunden |

Der Stormbox Micro Lautsprecher stellt automatisch eine Verbindung zu den letzten beiden gekoppelten Geräten her, sofern verfügbar. Wenn dies fehlschlägt, wechselt der Lautsprecher in den Kopplungs-Modus.

Der Lautsprecher kann sich an bis zu 8 gekoppelte Bluetooth-Geräte erinnern.

Besser noch, es kann gleichzeitig mit 2 Geräten verbunden werden.

## • Konvertierung zwischen 2 angeschlossenen Geräten

|                        | Drücken und halten für 1 sek | Siri aktivieren  |
| <br>Konversation Modus | Kurz Drücken                 | Anruf annehmen / beenden   |
|                        | Drücken und halten für 1 sek | Anruf abweisen   |
|                        | Kurz Drücken                 | Unterbrechen Sie den aktuellen Anruf und beantworten Sie den eingehenden Anruf |
|                        | Kurz Drücken                 | Zwischen zwei Anrufen wechseln   |

- **Party Modus**

1. Stellen Sie sicher, dass beide Lautsprecher eingeschaltet sind.

2. Halten Sie die Bluetooth-Taste von zwei Lautsprechern gleichzeitig 5 Sekunden lang gedrückt und lassen Sie die Tasten los, nachdem Sie einen Signalton gehört haben. Auf diese Weise wechseln die Lautsprecher in den Party-Modus.

**Hinweis:** Die Funktion des Party-Modus kann nur realisiert werden, wenn Sie über 2 Tribit Stormbox Micro-Lautsprecher verfügen.

- **Stereo Modus**

1. Stellen Sie sicher, dass beide Lautsprecher in den Party-Modus geschaltet sind.

2. Drücken Sie kurz die Bluetooth-Taste an einem der beiden Lautsprecher.
3. Lassen Sie die Tasten los, wenn Sie die Stimme des Stereomodus hören. Ein Lautsprecher klingt nach „Links“ und der andere nach „Rechts“, und dann wird der Stereomodus aktiviert.

**Hinweis:** Die Funktion des Stereomodus kann nur realisiert werden, wenn Sie über 2 Tribit Stormbox Micro-Lautsprecher verfügen.

- **Umstellung zwischen Party-Modus und Stereo-Modus**

Drücken Sie kurz die Bluetooth-Taste an einem der beiden Lautsprecher.

- **Deaktivieren Sie den Party-Modus oder den Stereo-Modus**

Halten Sie die Bluetooth-Taste an einem der beiden Lautsprecher 5 Sekunden lang gedrückt, um den Bluetooth-Pairing-Modus erneut zu aktivieren.

|                      | Appui court             | Basculer entre deux appels téléphoniques                 |

- **Mode fête**

1. Assurez-vous que les deux enceintes sont allumées.

2. Maintenez enfoncé le bouton Bluetooth de deux enceintes pendant 5 secondes simultanément, puis relâchez les boutons après avoir entendu un son. De cette façon, les enceintes passent en mode fête.

**Remarque:** La fonction du mode fête ne peut être réalisée que si vous avez 2 enceintes Tribit Stormbox Micro.

- **Mode stéréo**

1. Assurez-vous que les deux enceintes sont entrées en mode fête.

2. Appuyez brièvement sur le bouton Bluetooth de l'un des deux enceintes.
3. Relâchez les boutons lorsque vous entendez la voix du mode stéréo. Une enceinte sonne «Gauche» et l'autre «Droite», puis le mode stéréo est activé.

**Remarque:** La fonction du mode stéréo ne peut être réalisée que si vous avez 2 enceintes Tribit Stormbox Micro.

- **Conversion entre mode fête et mode stéréo**

Appuyez brièvement sur le bouton Bluetooth de l'un des deux enceintes.

- **Désactiver le mode fête ou le mode stéréo**

Appuyez sur le bouton Bluetooth et maintenez-le enfoncé pendant 5 secondes sur l'une des deux enceintes, puis les deux entreront de nouveau en mode de jumelage Bluetooth.

|  | Pulsación corta                     | Cambiar entre dos llamadas telefónicas                 |

- **Modo fiesta**

1. Asegúrese de que ambos altavoces estén encendidos

2. Mantenga presionado el botón Bluetooth de los dos altavoces durante 5 segundos simultáneamente y suelte los botones después de escuchar un sonido rápido. De esta manera, los altavoces entran en modo fiesta.

**Nota:** La función del modo fiesta solo se puede realizar cuando tiene 2 altavoces Tribit Stormbox Micro.

- **Modo Stereo**

1. Asegúrese de que los dos altavoces estén en modo fiesta.

2. Presione brevemente el botón Bluetooth en cualquiera de los dos altavoces.
3. Suelte los botones cuando escuche la voz del modo estéreo. Un altavoz sonará "Izquierda" y el otro sonará "Derecha", y luego se activará el modo estéreo.

**Nota:** La función del modo estéreo solo se puede realizar cuando tiene 2 altavoces Tribit Stormbox Micro.

- **Conversión entre modo fiesta y modo estéreo**

Presione brevemente el botón Bluetooth en cualquiera de los dos altavoces.

- **Desactiva el modo fiesta o el modo estéreo**

Mantenga presionado el botón Bluetooth durante 5 segundos en cualquiera de los dos altavoces, luego ambos volverán a entrar al modo de emparejamiento Bluetooth.

|  |   |                                  |  |                                     |                         |
|--|---|----------------------------------|--|-------------------------------------|-------------------------|
|  | premere e tenere premuto 2 secondi      | entra in modalità associazione   |  | Indicatore blu lampeggia            | stato associazione      |
|  | premere e tenere premuto per 10 secondi | riavvio impostazioni di fabbrica |  | l'indicatore bluetooth resta acceso | è connesso con successo |

L'altoparlante Stormbox Micro si ricollegherà automaticamente agli ultimi 2 dispositivi associati, se disponibili. In caso contrario, l'altoparlante entrerà in modalità di associazione. L'altoparlante può ricordare fino a 8 dispositivi Bluetooth associati.

Meglio ancora, può connettersi a 2 dispositivi contemporaneamente alla volta.

- **Conversione tra 2 dispositivi collegati**

- 1) Metti in pausa la riproduzione del dispositivo corrente
- 2) Riprodi il file audio dell'altro dispositivo

- **Regolazione volume**

— premere brevemente

diminuire volume

— mantenere premuto alcuni secondi

diminuire il volume in continuazione

+ premere brevemente

aumentare il volume

+ mantenere premuto per alcuni secondi

aumento continuo del volume

- **Pulsante multifunzionale**

|  | pressione doppia                          | prossima traccia  |
|  | premere per tre volte                     | traccia precedente  |
|  | premere e mantenere premuto per 1 secondo | attivare siri   |
|  | premere brevemente                        | rispondere / chiudere la chiamata                                     |
| <br>modalità<br>conversazione | premere e tenere premuto 1 secondo        | rifiutare la chiamata   |
|  | premere brevemente                        | mettere in pausa la chiamata corrente e rispondere a quella in arrivo |
|  | premere brevemente                        | chiudere entrambe le chiamate   |

- **modalità festa**

1. assicurarsi che entrambi le casse siano accese

2. Premere e tenere premuto il pulsante Bluetooth di due altoparlanti per 5 secondi contemporaneamente, quindi rilasciare i pulsanti dopo aver udito un suono di richiesta. In questo modo, gli altoparlanti entrano in modalità party.

**Nota:** la funzione della modalità party può essere realizzata solo quando si dispone di 2 altoparlanti Tribit Stormbox Micro.

- **modalità stereo**

1. assicurarsi che entrambi le casse siano in modalità festa.

2. Premere brevemente il pulsante Bluetooth su uno dei due altoparlanti.
3. Rilascia i pulsanti quando senti la voce della modalità stereo. Un altoparlante suonerà "Sinistra" e l'altro suonerà "Destra", quindi verrà attivata la modalità stereo.

**Nota:** la funzione della modalità stereo può essere realizzata solo quando si dispone di 2 altoparlanti Tribit Stormbox Micro.

- **Conversione tra modalità party e modalità stereo**

Premere brevemente il pulsante Bluetooth su uno dei due altoparlanti.

- **Disabilita la modalità Party o Stereo**

Tenere premuto il pulsante Bluetooth per 5 secondi su uno dei due altoparlanti, quindi entrambi entreranno di nuovo nella modalità di associazione Bluetooth.

短く押す

通話中に他の着信をあつた場合、通話を保留し、他の通話を出る。

短く押す

通話を切り替える

- **Party モード**

1. 2台のスピーカーはオンにしているかを確認してください。

2. 2台ともBluetoothボタンを同時に5s程長押しすると、音が鳴ったらBluetoothボタンから指を離して、Partyモードに入る。

※ この機能は2台のTribit Stormbox Microスピーカーが必要です。

- **ステレオモード**

1. 2台のスピーカーは Party モードに入ってるかを確認してください。

2. 任意の1台の bluetooth ボタンを1回押す。
3. “stereo mode”的音が聞こえたら手を離し、ステレオモードに入る。

※ この機能は2台のTribit Stormbox Microスピーカーが必要です。

- **Party モードとステレオモードの切り替え**

任意の 1 台の bluetooth ボタンを 1 回押す。

- **Party モードとステレオモードをオフにする**

任意の 1 台の bluetooth ボタンを 5S ほど長押し。

## 仕様

|              |                           |
|--------------|---------------------------|
